Planning and Organizational Meeting for IBEC 2014

ALL ARE WELCOME & ENCOURAGED TO ATTEND & PARTICIPATE

Sponsored by IONA College

Wine & Cheese will be provided

FRIDAY, JANUARY 11

9:00 – 9:30 AM Registration [Lobby IAE Business School]

9:30 – 10:30 AM Session 2.1 [Amphi Walras]

Special Session: Cooperative Distance Learning-Hybrid Course Development Opportunity
John Manley, Iona College, New York, USA

IBEC 2009 in India provided the impetus for the development of a cooperative undergraduate course effort conducted by colleagues from a college in India, two in the United States and one in Mexico. Sixteen volunteers provided lectures presented over a college semester via the internet (using a Blackboard course container provided through one of the participating universities) and then interacted with students from all four countries for the week that lecturer's lectures were offered.

Based upon this experience, this session will explore the opportunity to develop a cooperative graduate course geared towards sustainable financial management in a global economy. Ten volunteers will be sought who are willing to provide two lectures on a related topic to be presented on-line during one week of a 12 week semester. The lecturer will be responsible during that week to communicate effectively and thoroughly with students from all campuses participating in the course. Host lecturers will be the instructor for this course which will be offered simultaneously on the campuses of the prospective host lecturers.

Our previous experience provided the opportunity for students on the campuses in India, Mexico, and the US to interact and learn from one another, while pursuing learning in concepts associated with global management leadership from different cultural perspectives. In addition, North American Press is publishing a book containing the lectures of those volunteers who participated and agreed to be included in the publication.

Please join us for the opportunity to discuss this unique experience and/or to learn details concerning the development of this second course.
